MINDEN COUNCIL SEEK AID FROM PROVINCE

FRED BROOKS SEEKS LIBERAL NOMINATION

Minden realtor Fred H. Brooks has stated that he will be seeking the nomination for Liberal Candidate at the forthcoming Liberal Nomination Meeting for provincial candidate.

Born and educated in Lindsay, Mr. Brooks was employed in the Department of Justice prior to World War II. He joined the army and served overseas for six years. He moved to Minden after the war and took an active part in municipal affairs and was elected Reeve of Anson, Hindon and Minden in 1955, a position he held until his retirement in 1960. He was also Warden of the Provisional County of Haliburton.

Those who'll play with cats must expect to be scratched.

—Cervantes

MINDEN COUNCIL PASSES BYLAW ON COMMERCIAL BUILDING PERMITS

Minden council passed a bylaw on May 22nd that forces all applicants for commercial building permits or for buildings to be used fully or partly for commercial purposes deposit their applications with the clerk. These applications will be considered by the council before being granted. This is an amendment to bylaw no. 24-62.

TWO YEAR SUSPENDED SENTENCE ON STOLEN MEAT CHARGE

Nathan Cullens, 35, of Peterboro was v'laced on a two year suspended sentence for selling stolen meat by Magistrate Moore on Wednesday May 15th in Lindsay Court. Crown Attorney Jordan said "I feel this man is a victim of circumstances and was more foolish than criminal", and went along with the suspended sentence.

CAR ROLLS OVER ON SOUTH LAKE ROAD

A 1963 small car driven by Alexander Ross of Toronto rolled over and then landed on its wheels on the South Lake road at the Batt Lake corner on Sunday May 19th. The estimated damage to the car was \$350.00. Mr. Ross suffered no injuries. The accident was investigated by Constable Exley.

CONVICTED FOR CARELESS DRIVING LOSES LICENCE

Ken Nesbitt of Minden was convicted for careless driving in Minden Court on Thursday May 16th and was fined \$50.00 and costs and lost his licence for six months.

Ron Cowan of Haliburton, convicted for careless driving was charged \$10.00 and costs.

John J. Travis of Gooderham convicted for careless driving charged \$25.00 and costs.

Convicted for careless driving Gary Lee of Tory Hill was fined \$25.00 and costs.

Ron Mintz of Gooderham was convicted of obtaining while a minor and was fined \$100.00 and costs or 40 days. Mr. Mintz was taken to Lindsay County Jail.

Convicted for being impaired, Grant Glover of Kinmount was fined \$100. and costs.

Philip Sawyer of Minden was fined \$25.00 and costs for careless driving.

Convicted for being impaired Gord Gill of Tory Hill was fined \$100.00 and costs.

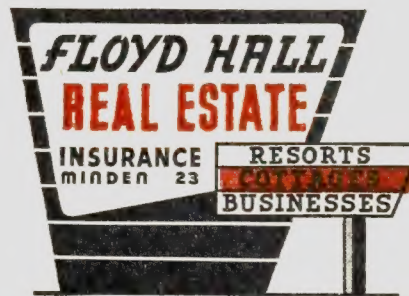

Joe Rivers was fined \$10. when convicted for following too close.

Convicted for impaired driving George McKay of Oshawa was fined \$250.00 and costs.

Much deliberation is being made in the Council Chambers over the merits of various sites for the new Municipal Building and the type of construction and at the last Council Meeting, it was decided to seek the Hon. Leslie M. Frost's aid in obtaining financial aid from the Province in the building of a new Municipal Building, possibly incorporated in a re-built Recreation Centre. It is obvious that sooner or later the Council will be faced with the need to spend considerable money on the Recreation Centre and possibly the joint construction of a Municipal Office and Recreation Centre might be the best long term plan.

Other serious consideration is being given to siting the Municipal Buildings in another part of town which might help promote the orderly development of the main street. Both ideas have much to commend them and we are sure that Council can be relied upon to fully investigate the advantages of each.

— SPORTS —

WITH BOB BEENEY

Except to an avid golfer the game of golf seems to many people (my wife included) a rather foolish sport that takes very little skill and is comparable to some childish pastime. When I talk to these skeptics I usually try to explain the co-ordination, patience and the steady nerves that it takes to partake in such a sport. However, the disbelievers quite often mention the fact that they can't see where it takes much skill to bat a little white ball around three or four miles of course and trying your darndest to see how few times you have to hit it to cover the distance.

Some of the experiences that happens to most duffers are easily remembered, however, at the time that they occurred it would be more pleasant to forget! Years ago some of my buddies from Toronto and I would slip over to Tam-O-Shanter at Agincourt, a sprawling 18 hole course, after work and enjoy the game for a couple of hours. One of these embarrassing situations developed just as we were teeing off at a hole right in front of the pro shop. There were about six or seven onlookers and much to my amazement we all got fairly good drives away until there was only one of my friends left to tee off. He spent about a minute lining up the ball and then after taking a hard baseball like swing at the ball wound up with a clear miss. Patiently he kept swinging and each time he missed, and with each swing he missed the more crimson his face would deepen. Finally in desperation he picked the untouched ball off the tee and threw it about 75 yards down the fairway and strode angrily after it. I think the most embarrassing moment I suffered though was at the Beaverbrook course in Minden. Playing on the seventh hole which has a dogs leg turn on it, trying to cut the corner I drove my ball into the bush. I went into the bush and on the next shot my ball landed about three feet from the pin. Emerging from the trees I was just about to brag, "How do you like that for a shot", until I looked over to about five feet from where my chum was standing. The one thing I forgot to take into the bush with me was my club.

SAFETY ON THE ROADS

Each day that court is in session there seems to be an increasing number of cases to be tried involving car accidents, careless driving and driving while being impaired. With the population swelling each week due to the huge number of summer visitors rushing north to their summer dwellings the chances for an accident to happen enlarges. Attorney General Cass' decision announced last week to crack down on highway violations is a welcome sign. The overload of work that is placed on the Ontario Provincial Police throughout the next few months will be tremendous. It is the responsibility of every citizen to uphold the laws that help to govern our great province.

TO TWIST THE TRUTH

We all twist the truth at times and men are as adept at the practice as women. We feel however that there is one thing that women are more adept at (although many men do a creditable job) and that is rumor-spreading. It's rife in small towns and Minden is no exception. Some of the rumors are spread with malicious intent, others just to add spice to a boring morning with the kids, but for whatever reason, the practice is indefensible. It is remarkable how indignant the story-tellers get when an untruth is told about them—their moral point of view changes quickly then. Some of the stories start with a grain of truth and others are complete fabrications. With both sort they are embroidered and elaborated as they pass from one to another. Rumor-spreading is an insidious way of getting your own back on someone and it may end with the opposite result. They may start an even better one about you!

DISTRICT GOVERNOR

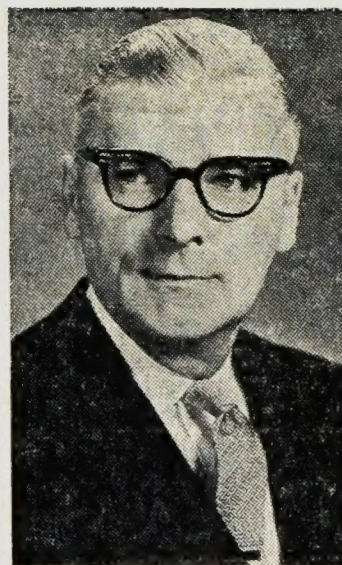

VISITS ROTARY

Minden Rotary Club enjoyed the annual visit of the District Governor at their regular meeting on Monday, May 13th. Mr. Cowden Whitfield, a native of Orillia in the course of his duties as Governor covers a district North to Amos, near Hudson Bay; south to Barrie, East to Sterling and west to Collingwood. This district, number 701 contains 29 Rotary Clubs with 1224 members as of April of this year.

Mr. Whitfield owns and operates an office equipment business in Orillia and has held several responsible positions in the town such as Past President of the Orillia Chamber of Commerce, Huronia Historic Sites and Tourist Association and for forty-two years has been a member of the Orillia Kiltie Band. He was named Orillia Citizen of the year in 1959.

Mr. Whitfield has been a member of the Rotary Club for 13 years.

Mr. Whitfield was introduced by Minden President M. R. Herlihey and at the conclusion of his address was thanked by Rotarian Lorne Coburn. Mr. Whitfield paid high tribute to the broad activities practiced by Rotary Clubs both locally and internationally and stressed the help given the Scout Movement, the Easter Seal Campaigns, aid to Crippled Children and assistance to juvenile hockey. During the meeting the annual reports were presented and in every instance showed a substantial balance. Governor Whitfield commented that the Minden Club need take a back seat to nobody in this district.

J. Cowden Whitfield

No sooner said than done—so acts your man of worth.

— Quintus Ennius.

\$1,000 Damage

Minden OPP investigated a one-car accident late last Tuesday evening.

A car driven by Robt. Heffner of Whitby went out of control about 7 miles south of Minden on Highway No. 35, turning over in the centre of the road.

Investigating OPP Cpl. J. Eastwood said damage would be about \$1,000.

Heffner was alone at the time of the accident and was uninjured.

- Initial training program
- No age limit
- Group insurance benefits
- Pension plan

Having previous sales experience and a car is desirable but not essential.

Replies to be directed to

Mr. P. R. Yetman, District Manager,
Sales Department,
Dominion Automobile Association,
471 Waterloo Street, London, Ontario.

WARP and WOOF

May weather continues at the favorite pond when to be miscellaneous. The all the ducks returned flowers are opening reluctantly. but the robin is doing well. Three new heads have appeared in the nest and mother robin is kept on the go bringing breakfast, lunch and dinner steadily all day long. For fast work we think the robins even have the rabbits beaten. at this rate there could be four or five families hatched out before the end of summer.

x x x

MOTHER'S DAY is over. Mother has given thanks for all the nice "loot" collected on her "day", and gone back to being the chief cook and bottle washer as before.

VICTORIA DAY has passed. The weather, as usual was wet, cold and miserable. It seems no matter what date the 24th is held on it turns out the same. Suggest we celebrate some weekend in June instead.

x x x

Last Fall Doris Duck was swimming around in her favorite pond, enjoying the lovely warm days of autumn when all at once she realized she was quite alone. all the other ducks had left for Florida and there she was left behind all by her lonesome. Now she didn't know the way to Florida so she decided to stay where she was. When the weather grew colder she found a nice warm spot in a tree and settled down for a good long nap. Sometime in February a woodsman came along with his chain saw and cut down the tree. He was amazed to see a little duck fall at his feet. He picked it up and took it to his cabin where he put it in a box and fed it for three weeks. The little duck had just about frozen to death in the below zero weather but managed to survive and was on hand

The "Extra Mile" will have no traffic jams.

An American Discusses

Hockey:

Hockey is the national pastime in Canada. Kids start to play it with birch rods and tuna cans as soon as summer—which is restricted to two weekends in July — ends. Every Canadian kid learns to skate as soon as he learns to shovel snow, which is almost immediately. The ones that can do it backward as well as forward get to play hockey. Hockey is less a game than a legal fight. All you need to play is a stick, skates and a

needle and thread. It is so bloody, a hemophiliac shouldn't even watch it. You can always tell a bad player because he has his own teeth and can see out of both eyes. In Canada, atomic scientists are hockey players waiting to be discovered.

L.A. Times' Columnist in Edmonton Journal.

RED-FOOTED BOOBY

Can you imagine a postage stamp picturing a Red-footed Booby? Such a thing can be seen on both the 5- and the one pound value of the new postage stamp set from Ascension Island, a solitary island of volcanic origin located 750 miles north west of St. Helena. The new postage stamp set from the British Colony of Ascension (so-called because the Portuguese navigator, Joao da Nova discovered it on Ascension Day in 1501), pictures birds on each value. The birds include such exotic ones as the Brown Booby, the Black Booby, the Fairy Tern, the Red-billed Tropic bird, the Brown Noddy, the Wideawake Tern, the Frigatebird, the White Booby, the Yellow-billed Tropic bird, the Red-billed Tropic bird the Madeiran Storm Petrel and the afore-mentioned Red-footed Booby birds in both the brown phase and the white phase! Just about every type of bird except the Tipperary bird! And if you don't believe me, buy a set of the new stamps for your collection — they were released on the 23rd May.

M. W. "Monty" Robson

Asks P. C. Endorsement

Fenelon Falls lifetime citizen, M. W. "Monty" Robson was one of the first to declare his intention of placing his name before the Progressive Conservative Convention to be held on Saturday June 8th., in Lindsay. "Monty" Robson has been active in many Campaigns on behalf of other Progressive Conservative candidates. He has served in the Y.P.C. group. More recently he was President of the Progressive Conservative Association of Victoria and Haliburton after working his way up through the various offices.

Mr. Robson has been active with many Fenelon Falls groups and organizations. He is a Charter Member and Past President of the Rotary Club of Fenelon Falls and has been active in the Agricultural Society, fraternal groups, the Fenelon Falls Chamber of Commerce and many similar community projects. He has been for fifteen years and still is active in municipal affairs, having been Chairman of the Fenelon Falls Water, Light and Power Commission during a period of extension growth and improvement in the Commission's service facilities. Mr. Robson was on the Fenelon Falls School Board during the time when important improvements and additions were made to the school at Fenelon Falls.

Many readers of this

paper are, no doubt, familiar with the lengthy and very noticeable service Monty Robson has given at many successful Fairs held at Kinmount and Bobcaygeon. He is closely associated with the current planning for a Fenelon Falls Fall Fair in 1963.

For a considerable number of years he was associated with his father, the late W. T. Robson in the farm equipment business. Many people in Haliburton County, as well as Victoria County, were customers of the Robson business over those years. From 1955 to 1962 Monty Robson was co-owner and active in insurance and real estate business of Murchison & Robson Co. Ltd., of Fenelon Falls. In 1962 Mr. Robson became Registrar of Deeds for the County of Victoria. Mr. and Mrs. Robson and two daughters still live at Fenelon Falls.

Mr. Robson has stated that his sincere wish to be endorsed as the P.C. candidate is born out of his long standing desire to give service to people in this wider sphere. He knows well both the north and south parts of the riding. Mr. Robson believes that his dedication and devotion to serving people would spur him on to discharge his duty as an elected representative to the citizens of this important part of Ontario.

It's A Small World

We ran into Earl Palmer in town the other day and got to discussing the forthcoming Progressive Conservative Convention — he said the long arm of coincidence was still working and that during the past few days while canvassing he ran into three of his fellow contestants seeking the PC nomination while they were out canvassing possible delegates and just missed one other! He met Glen Hodgson at the home of Douglas Fish at Mariposa Township: Bill Shields at the farm of Gene Downey at Downeyville and the very next night Monty Robson was at Chester Schwandt's in Harcourt when he called.

Roy Windover was just missed on the canvass trail on a couple of occasions in Somerville Township — Roy had just left the farm of Howard Magee when Earl arrived and on a later visit to Bill Quinn at Norland he again missed Roy Windover by a short while. We see that many of the candidates are actively canvassing for support although in our frequent travels through the constituency do not seem to note much activity from some of the Lindsay contestants.

Scouting Corner

with BILL PAYNE

The SHRINERS CIRCUS hit Peterboro last Wednesday and so did forty Boys from Minden. Under the generous sponsorship of Shriner Steve Rastal, Forty Cubs and Scouts enjoyed a wonderful day at the circus. The boys left Minden around two-thirty in the afternoon chauffeured by Shriner Earl Palmer, Shriner Lorne Dawson, soon-to-be Shriner Hugh Alton, Harry Newman and myself. The happy smiles on the boys will express their sincere appreciation more than words for the fun and frolic they had that day. The BIG DADDIES certainly were true to form this day in their great interest that is shown in the youth of the Country. The Shriners have done a great deal for the Hospitals and especially the crippled children. Keep up the good work fellows and lets hope a few more people will Follow your excellent examples.

Minden salutes STOWMARKET, SUFFOLK, in ENGLAND.

I knew that the Progress had readers all over the province of Ontario but I was really surprised to hear that it reached the British Isles. I received a most welcome letter a while back from Cubmaster Trevor Ilott in Stowmarket. "Good Hunting" to the 1st. Stowmarket Pack and I will answer your letter in the very near future Trevor.

Speaking of the Progress going out of the country, I understand that a few copies reach Scotland as well. How about that Jim.

CUBBING

Three First Star Cubs received proficiency badges last week. All the badges were for collections of various types. Paul Prentice, for his collection of planes and ships, which by the way are arranged in such a fashion in his room that you would think there was

an actual war taking place. Philip Payne for his collection of Match Book covers from a great number of places, and he asks anyone who has these covers to save them for him so he might enlarge his present collection. Steven Mackenzie, for his collection of Hockey Players along with autobiographies of some of the players. This fits right in with "Shorty" as he is quite a Star himself on the ice. Lee Richardson will be presented with his badge one night soon at Scouts, for his collection of plane wheels.

The pack are getting pretty anxious for camp and the preparations are well on the way. The location of the camp site has been changed. Thanks to Cec Yearwood who kindly offered the use of his hunting camp to the Cubs. This location is ideal with everything that is needed to ensure a good camp and excellent training facilities.

On Monday the 27th. the Minden Pack meets the Haliburton Pack on the softball diamond. I understand that Haliburton has a good team, (so Len Salvatori says) but Minden is going to try and change Lens thinking a little. I don't know who the Umpire is going to be but he will have his hands full with 64 boys playing ball. I will report on the outcome of the score and squabbles of the game in the next issue.

Congratulations to Rocky Crawford and John Morgan on their being invested last week into the Pack. Keep up the good work fellows and lets see that first star on your cap soon.

SCOUTING

The annual week-end camp for the scouts was cancelled because of the January weather and rain. However, a few of the older boys still braved the weather and went camping anyway. Don Berry took the boys into camp

on Sunday morning and arrived home on Monday. One of the boys told me they had a wonderful time and the weather wasn't so bad. Maybe they should try a winter camp next year. I understand that although most of the boys were disappointed, their annual camp will be held later on this spring.

Information has reached me that Rick Harding has been awarded the Bronze Medal, which to my knowledge is the first of its kind in Haliburton-Victoria Counties. This is one of the few if any in the Province. Congratulations Rick on a splendid job and the Cubs will be happy to have you at camp with them this summer. I am not sure of the rugged requirements for Rick's swimming Medal but I will find out and report to you in the next issue. The Scouts have missed their Scoutmaster lately due to his working around the clock in his new store at Haliburton. Best wishes Lance in your new quarters and we'll be glad to see you back at the meetings.

Then there's the story about a young boy who was always late for school. His teacher had come to the end of her patience with the boy and told him that the next time he was late for school he would be severely punished. Well the next morning, sure enough the boy had slept in and only had five minutes to get to school. He started to run and he could see that he was not going to make it on time, so he Prayed for help to make him run faster, just then he tripped. With tears in his sad eyes he looked up and said "Well you didn't have to push me."

Jack Hill of Loehlin smilingly accepts the gift of a filing cabinet for the Haliburton Retarded Children's Association, from Minden Kinsmen President Elwood Cox (right). In the centre Past President Norm Harrison looks on approvingly. Kinsman Norm Harrison was the chairman of a recent Kinsmen "blitz" campaign for funds undertaken in the Minden area.

BAKE SALE

The ladies of the L.O.B.A. and the W.I. held a very successful bake sale and bazaar at the old post office.

The best, the most exquisite automobile is a walking-stick; and one of the finest things in life is going on a journey with it.

LEGISLATIVE ASSEMBLY

Select Committee on The Municipal Act and related Acts

The Select Committee appointed by the Legislative Assembly of the Province of Ontario "... to enquire into and review The Municipal Act of the Province and related Acts, including The Assessment Act, The Department of Municipal Affairs Act, the Local Improvement Act, The Ontario Municipal Board Act and The Planning Act, and the regulations made thereunder, for the purposes of modernizing, consolidating and simplifying such Acts and regulations and making such recommendations as may be necessary for their improvement.", has resumed public hearings in Toronto.

Elected members and appointed officials of municipal governments, local boards, commissions etc., groups of persons and individuals are invited to present submissions pertaining to the legislation applicable to municipal government.

Hollis E. Beckett, Q.C., M.P.P., Chairman.

Mrs. H. G. Rowan, C.A., Secretary, Box 105,

Parliament Buildings, Toronto. (Telephone 365-2804)

WIDOWS ALLOWANCES

New benefits for widows and single women, 60 to 64 years of age, are now available and applications are being accepted for grants up to \$65.00 per month with free medical service and hospital insurance.

This new welfare program will assist women who have reached their 60th birthday, with income less than \$1,140 yearly, and liquid assets of not more than \$1,000, resident at least one year in Ontario.

Women who may be eligible include: a widow, an unmarried woman, a married woman whose husband is in an institution, or who is divorced or has been deserted for more than 6 months.

ADDRESS YOUR ENQUIRIES TO:

The Minister of Public Welfare,
Parliament Buildings,
Toronto, Ontario

OR A Regional Office of the Department
in any one of 17 central locations
throughout the Province.

A Reminder to Old Age Security Recipients:

Free Medical Assistance and Ontario Hospital Insurance may be granted to single persons whose annual income is not above \$1,140.00 and whose liquid assets do not exceed \$1,000.00. These benefits are available to married couples whose annual income is not over \$1,980.00 with liquid assets no higher than \$1,500.00.

A Note to Those Receiving Mothers' Allowances:

Persons receiving Mothers' Allowances are advised of a new provision designed to encourage students to complete their education:

The allowance may be continued after a dependent child reaches 18 years of age, if the boy or girl is attending a secondary school, and making satisfactory progress.

THE DEPARTMENT OF PUBLIC WELFARE

HONOURABLE JOHN ROBARTS,
Prime Minister

HONOURABLE LOUIS P. CECILE, Q.C.,
Minister of Public Welfare

MINDEN RECEIVES FINAL AGREEMENTS ON WATERWORKS

Minden Council has received final agreement from the Ontario Water Resources Commission for construction of the project. Work is expected to start immediately.

COUNCIL FEES RAISED TO HIGHER LEVEL

Minden Council agreed on May 22nd that their fees should be raised from the present \$10.00 a day to \$13.00. The incumbent Reeves honorarium was raised to \$300.00 per year. With the wage level rising throughout the province and the great number of hours spent at council a wage increase is quite justified.

KINSMEN DISCONTINUE DOMINION DAY CELEBRATIONS

The Kinsmen Club of Minden Incorporated have decided not to sponsor the Minden Dominion Day Celebrations this year although the possibility exists that the day will be replaced by a Kin Day at another time of year when more visitors can be expected to be in town.

The last meeting of the Kinsmen Club of Minden was Past Presidents night and Kin Past Presidents Norm Harrison, Deac. Jackson, Eldon Deacon, Bob Harvey, Bob Bishop, Lyle McKnight and Doug Pritchard each took part in the proceedings.

Kin Norm Harrison reported that the blitz on behalf of the Retarded Children's Association had been successful and thanked the Kinsmen for their time and effort.

Kin Reg. Hicks promised a larger, and more exciting Bingo for the Summer months.

Kin Don Nye reported on the progress of the Teen Town to the Kinsmen Club.

COMMENTS

W. Somerset Maugham once quoted in one of his books that when someone persistently phones and leaves messages for you to phone back that it always turns out that it is more important to them than to you that you call. This reminds us of our pet telephone annoyance caused by long distance calls made while you are out. You get back home and your wife says that you had a long-distance call, they didn't leave a name and will call

back later. Now you are in a quandry. You had better not go out because it might be important - on the other hand maybe it wasn't important and they might not phone! The annoying thing about the call is that the operator merely said "Long Distance". Was in Toronto, New York, Lindsay or just Coboconk? No one can tell until the caller tries again, and if he doesn't you are left with the annoyance of not knowing who wanted to talk to you enough at the time to call long distance!

We have a plethora of Women's magazines and occasionally out of a purely journalistic interest we scan through the syrupy, cloying writing to see what's there. In Redbook in an article written by Lady Hillary entitled "How We Discovered America" she mentions crossing the border from the U.S. into Canada and says "In Vancouver we stopped at a restaurant and asked

for fish and chips, but were told that they never had them on weekends, only weekdays — how British!!!"

"How British". Balderdash! If we know anything of the British they buy, sell and eat fish and chips every single day of the week.

Norman Houghton writing in the spritely new Toronto newspaper the weekly "News-Observer" tells how he has been ignoring the ads in the "New Yorker" only to suddenly realise that he had been reading the paper under misconception. He says "I had been ignoring the advertising as much as possible. (And when they run one column of text to two pages of ads, it's not easy.) He found the belly laughs were in the ads... like the perfume ad... "Secret of Venus... the divine perfume oil... grows more alluring the longer you wear it." (One drop lasts a lifetime if you don't take a bath.)

DID YOU KNOW?

*Most accidents occur in good weather—ten times as many as in snow and sleet.

*There were 1,139 fatal motor accidents in Ontario during 1962 - an increase of 41 or 3.7% over 1961 figures. This is a 68% increase over 1950 when there was 678 fatal accidents.

*Property damage amounted to \$45 million and there were 41,766 people injured.

*Someone is killed in a car accident every six hours and 20 minutes.

*A reportable accident occurs every six minutes.

These figures were taken from a booklet called "Accident Facts" published by the Ontario Department of Transport.

A close mouth catches no flies.

MAN SUFFERS BROKEN COLLARBONE IN MAPLE LAKE ACCIDENT

Willmot Thomas of Toronto suffered a broken collarbone in an accident at 12:15 a.m. on Sunday May 19th on St. Peters Road at Maple Lake. Mr. Thomas was taken to the Minden Red Cross Hospital. There was approximately \$300.00 damage to the 1962 Envoy Station Wagon. Constable Exley of the OPP investigated.

MOTORCYCLE RIDER

TAKEN TO TORONTO

Michael Aust, 22 year old Victoria, B.C., fourth-year University of Western Ontario Student who was critically injured in a motorcycle crash at Hall's Lake on May 11th was transferred from Lindsay's Ross Memorial Hospital to Toronto hospital by ambulance on Monday 20 May. The accident happened one mile south of the Forest Rangers School at Dorset when Aust went over a bank landing in a deep ditch. He suffered severe head injuries. An unidentified passenger suffered only minor injuries which were treated at the Minden Red Cross Hospital.

HALL'S LAKE NEWS

The Holiday week-end was a busy one around Hall's Lake, despite the cool weather. Many cottagers were up from the cities to open up and many boats were on the lakes. Several fishermen reported success and others looked sad, having fished early and late with never a nibble!

A new Hydro sub-station for the distribution of 3000 kilowatts of power is being erected on the Oliver property near the Buckslide Road on Highway 35. This will improve the hydro service in the areas of Carnarvon, Maple Lake, Kushog Lake and as far north as the Forestry School. This project is providing employment for some local men.

Some new homes are nearing completion around the North Shore of Hall's Lake. We hope this is a trend to improve the scenic drive and the general appearance of buildings around that end of the lake. The old Salvation Army property has been sold to Toronto people who are busy cleaning it up for a well-kept trailer park.

Thursday evening the St. Stephen's Bible Study Group met at the home of Mrs. Arthur Oliver, with the Rev. Thomas Gracie conducting his latest Bible Study before his departure next week for his appointment by the Bishop of Toronto to Beeton, Ontario. Mr. Gracie explained the passage of Scripture in his usual interesting and expressive way and we are very grateful to him for his time and efforts in leading this group. Following the Meeting a presentation was made to the Gracie family of a pair of handsome bedroom lamps and a social hour with refreshments was much enjoyed. Mr. Gracie will be missed but he is wished every success in his new Charke.

CAR GOES OVER EM- BANKMENT ON HAWK LAKE ROAD

A car driven by Lawrence Cummins went out of control on Hawk Lake Rd. one mile east of Highway 35 and went over an eight foot embankment and then landed on its top. The damage to the car was estimated at \$250.00. Mr. Cummins and a passenger Elvis Gibbs received minor bruises. The accident that occurred around 2 p.m. on Saturday May 19 was investigated by Corporal Eastwood. Later in the day a car driven by Donald McLellan of Toronto failed to round a curve and caused damage of about \$250.00. The accident happened near Mountain Lake and was investigated by Constable Bush of the Minden OPP.

MINDEN COUNCIL ASK PROVINCE FOR AID ON MUNICIPAL BUILDING

The council of Anson Hinton and Minden decided at a council meeting in the Municipal Offices on Wednesday May 22nd to write to the Hon. Leslie M. Frost MPP for Victoria-Haliburton explaining to him the situation in which the council is faced concerning the Municipal Office and the Recreation Centre. The council has asked for his co-operation in forwarding a request for financial aid to the Provincial Departments concerned.
